Conferma/Inserisci affiliazione istituzionale – Corrispondenza esatta

Gli autori devono confermare o modificare la propria affiliazione istituzionale.

Queste informazioni sono precompilate in base ai dettagli dell'autore corrispondente forniti attraverso i nostri sistemi di invio, al momento della presentazione dell'articolo.

Questo passaggio dovrebbe sempre essere l'affiliazione istituzionale dell'autore corrispondente.

La presenza di una barra verde sul lato sinistro della casella, oltre al testo "Verified" (Verificato) con un segno di spunta verde, indica che le informazioni inserite sono state riconosciute dal database Ringgold.

The screenshot shows the Wiley Ringgold interface for confirming an affiliation. At the top, the Wiley logo is on the left, and navigation links for Home, My Dashboard, Authors, Reviewers, Editors, and Help are in the center. A search bar and a user profile icon are on the right. The main content area is titled "Please confirm your affiliations for this article" and includes instructions: "Please confirm your primary affiliation with the institution where the research for this article was conducted. This helps us determine if your institution may cover your OnlineOpen Article Publication Charge and will not affect any information in the published article." Below this, there are two bullet points: "Do not include any of your co-authors' affiliations." and "When searching for your affiliation, select your institution only; do not include a department, office, or other subdivision (e.g., enter 'University of Oxford' and not 'University of Oxford Department of Economics'). Using a specific department or subdivision may affect the open access payment options you are offered." A table below shows a single affiliation entry: "Universitat Basel" (BASEL, BASEL-STADT, CH). The word "Verified" with a green checkmark and a question mark icon is highlighted with a red box, and a vertical green bar is on the left side of the entry. To the right of the entry are "Edit" and "Delete" buttons. At the bottom right of the table is a "+ Add affiliation" button. At the bottom of the page, there are two buttons: "Funders & Grant Details" (with a left arrow) and "Confirm & proceed" (with a right arrow).

Please specify who owns the copyright for this article

The answer to this question will tell our system whether you are authorized to sign this form yourself, or if you will be required to obtain another signature in order to legally transfer or retain copyright.

Contributor-owned work

This is the correct selection for most authors. It is customary in most academic and healthcare institutions for faculty to retain copyright for articles that they have authored. Please check whether different policies apply in your institution.

U.S. Government work

Applies only if your work was authored as part of your official duties as a United States federal government employee; such works are in the public domain in the US.

U.K. Government work

Applies only to employees of the U.K. Government.

Non-Governmental Organization work

Applies only if the work was carried out during the course of employment by a Non-Governmental Organization.

Other Government work

Applies only to government employees outside of the U.S. and U.K.

Company/institution-owned work

This does not typically apply to most universities and academic institutions. Applies when an organization, often a commercial corporation, owns the copyright of a work either because there is a specific clause in the author's contract of employment that states the company/institution's ownership of its employees' intellectual property, or it has been contracted ('made for hire').
